

NAME	Bhagya M	
DESIGNATION	Assoc Prof	
QUALIFICATION	M.Tech	

1. Technical paper entitled “Unified Claim Handling Process” has been presented in National Conference organized on 29th April 2015 at Brindavan college of Engineering, Bangalore.
2. Technical paper entitled “Detection of proximity malware in decay tolerant networks based on behavior” has been presented in National Conference organized during 24th and 25th April 2015 at NCET, Bangalore.
3. Technical paper entitled “Proxy based backup in a multiple cloud storage” has been presented in National Conference organized during 24th and 25th April 2015 at NCET, Bangalore.
4. Technical paper entitled “Cryptography using Key aggregation for scalability in cloud storage” has been presented in National Conference organized during 24th and 25th April 2015 at NCET, Bangalore.
5. Technical paper entitled “Fast hashing using Elliptic function for Wireless Sensor Network security” has been presented in Second National Conference organized on 29th April 2013 at MSEC, Bangalore.
6. Technical paper entitled “Traffic demand matrix approach of load balancing for shortest path route” has been presented in Second National Conference organized on 29th Feb 2013 at MSEC, Bangalore.
7. Technical paper entitled “Analysis of Multicast routing protocol for Ad-hoc networks by using glomosin simulator” has been presented in National Conference organized during 26th and 27th April 2012 at NCET, Bangalore.
8. Technical paper entitled “Speeding up secure web transactions using ECC” has been presented in National Conference organized during 26th and 27th April 2012 at NCET, Bangalore.
