

NAME	DrAnithaPatil
DESIGNATION	Professor
QUALIFICATION	Ph. D.,

Title of paper	Name of journal	Year of publication	ISBN/ISSN Number
Automated early detection of plant diseases using IoT and Machine Learning	Test Engineering and Management(Scopus)	2020	ISSN:0193-4120
An Empirical study of human behaviour analysis	Test Engineering and Management(Scopus)	2020	ISSN:0193-4120
Auarium Monitoring System	Test Engineering and Management(Scopus)	2020	ISSN:0193-4120
Challenges and Opportunities in Extending Cloud with Fog Computing	International Journal of Engineering & Technology (Scopus)	2018	2227-524X
Performance Analysis of Misuse Attack Data using Data Mining Classifiers	International Journal of Engineering & Technology (Scopus)	2018	2227-524X
Comb-Needle Model in wireless sensor Networks State of the Art	Journal of Fundamental and Applied Sciences(SCI)	June-18	1112-9867
Public Key Infrastructure Based Solution for Account Hijacking in Cloud Computing	Journal of Advanced Research in Dynamical and Control Systems(Scopus)	Jul-18	1943-023X
Leveraging the Internet of Things for National Cyber Safety and Security: Healthcare as Case Study	Journal of Advanced Research in Dynamical and Control Systems(Scopus)	June -18	1943-023X
An Enhanced Privacy and Security to outsourced public cloud storage	Journal of Fundamental and Applied Sciences(SCI)	June -18	1112-9867
Performance Analysis of Anomaly Detection of KDD Cup Dataset in R Environment	International Journal of Applied Engineering Research (Scopus)	Mar -18	0973-4562
Securing MAPREDUCE Programming Paradigm In HADOOP, CLOUD AND BIG DATA ECO-SYSTEM	Journal of Theoretical and Applied Information Technology(Scopus)	Feb -18	1992-8645

Enhanced-elliptic curve Diffie Hellmann algorithm for secure data storage in multi cloud environment	International Journal of Intelligent Engineering and Systems(Scopus)	Jan -18	10.22266/ijies 2018.0430.20
Data Breaches as top security concern in Cloud Computing	International Journal of Pure and Applied Mathematics(Scopus)	Apr -18	1314-3395
A Novel Hybrid Cluster Based Protocols for Wireless Sensor Networks	International Journal of Pure and Applied Mathematics(Scopus)	Apr -18	1314-3395
Prediction based on Triangulation in Wireless Sensor nodes	International Journal of Management Technology and Engineering	June -18	2249-7455
Secured Data Transmission in wireless sensor Ad hoc networks	International Journal of Engineering & Science Research	July-14	2277-2685
Comprehensive Measurement Privacy on Wikipedia Entity Relationships	International Journal of Engineering & Science Research	July-14	2277-2685
A Privacy Preserving Sign-on Signature protocol on secure Communications	International Journal of Engineering & Science Research	July-14	2277-2685
A Query Segment Encryption using Distributed Information Sharing	International Journal for Research on Electronics and Computer Science	July-Aug 14	2321-5485
An Opinion Mining Technique Based on Location Proofs for Social Media	International Journal for Research on Electronics and Computer Science	July-Aug 14	2321-5485
Discovery of Trusted and Authenticated Neighbor Positions in Mobile Ad Hoc Networks	International Journal for Research on Electronics and Computer Science	July-Aug 14	2321-5485
Implementation of Contact Centers using Voice over IP	International Journal for Research on Electronics and Computer Science	July-Aug 14	2321-5784
Interactive Search Optimization using SQL in Database	International Journal for Research on Electronics and Computer Science	June –July 14	2321-5784
Sentiment Analysis of Shares and Forecasting the Trends using Lexical Approach	International Journal for Research on Electronics and Computer Science	June-July 14	2321-5485
An Advanced Ontology Technique to Retrieve High Dimensional Data From Database	International Journal for Research on Electronics and Computer Science	June-July 14	2321-5485
An Advanced Approach to Protect Event Processing System	International Journal for Research on Electronics and Computer Science	May-June 14	2321-5485
Secure and efficient profile matching in Mobile Social Networks	International Journal for Research on Electronics and Computer Science	May-June 14	2321-5784
Survey on knowledge Observation With Spatiality Data Mining	International Journal of Engineering Research and Technology	Sep-14	2278-0181
Data Distribution Methods in Cloud Computing	International Journal of Engineering Research and	Sep-14	2278-0181

	Technology		
Sharing Data in cloud storage using key-aggregate cryptosystem	International Journal for Research on Electronics and Computer Science	Aug-Sep 14	2321-5485
An opinion mining by manhattan clustering using decision tree feature selection	International Journal for Research on Applied Science and Engineering Technology	Dec-14	2321-9653
Flexible Location Modernized for Geographic Routing in MANET	International Journal for Research on Electronics and Computer Science	June-July 14	2321-5485
Peer-to-peer networks using chard 4S decentralization system	Seventh Sense Research Group International Journals	Nov-14	2249-2593
Resourceful Scope for Location Reliable data in mobile setting	International Journal of Research in Computer Science Engineering	Sep-Oct 14	2321-5585
New technologies for mobility based wireless sensor networks	International Journal of Engineering and Computer Science	Oct-14	2319-7242
Reliable computing under resource constraints policy	International Journal of Computer Science and Technology	Sep-12	2229-4333
Mutual authentication robust user authentication for online services	International Journal of Computer Science and Technology	Sep-12	0976-8491
