

NAME	Gopinath A R	
DESIGNATION	Assoc. Professor	
QUALIFICATION	M.Tech (PhD)	

1. Published the paper “Efficient Dynamic Trust Management for Delay Tolerance Networks and its Application through Node Weight” in 2017 of Journal International Journal of Research in Science & Engineering (IJRISE).
2. Published the paper “Rule Construction for Recommendation based on Social Context” in 2017 of Journal International Journal of Research in Science & Engineering (IJRISE).
3. Published the paper “Effect of Performance in Heterogeneous Traffic in Opportunistic Network” in 2016 of Journal International Journal of Computer Science Trends and Technology (IJCST).
4. Published the paper “A Multi Route Knowledge based Routing Protocol for Reliable Packet Transmission in Industrial Wireless Sensor Networks” in Volume 2, Issue 12 (Dec 2015) of Journal ABHIYANTRIKI: An International Journal of Engineering & Technology (AIJET).
