Dear District Collector / Magistrate,

Under the Unnat Bharat Abhiyan (UBA), Government proposes to link the Higher Educational Institutions with a set of (5) villages, so that these institutions can contribute to the economic and social betterment of these village communities using their knowledge base. In the first phase of this programme, 750 higher educational institutions have been identified on challenge method based on their track record, ability to undertake rural activities and their readiness for taking up the task.

I am happy to inform that Colleges from your district (as per list enclosed) have been selected after a national level competition for undertaking the UBA program. I am sure under your leadership and guidance, they can make a define positive impact in the villages adopted by them.

In this context, I request you to facilitate linking of these institutions with the Panchayats in the selected villages, so that these institutions can start their village visits early and come up with suitable solutions for improving the overall social and economic well-being. We have asked the institution to connect with you for further facilitation in this regard.

I would be grateful for an early action in this regard.

With regards,
 Yours sincerely,
 (R. Subrahmanyam)
